ABOUT

MCA student at CUSAT with strong skills in full-stack development, machine learning, and AI applications. Experienced in building scalable web systems and working with LLM tools like LangChain and CrewAI, eager to contribute to real-world AI and data projects.

TECHNICAL SKILLS

Programming Languages: Java (Core), Python, JavaScript

Web Technologies: HTML, CSS, Node.js, React.js

Developer Tools: Git, GitHub

Databases: SQL, MongoDB

Frameworks & Tools: LangChain, CrewAI, Express.js

Coursework: Data Structures and Algorithms, Database Management Systems, Operating Systems, Computer Networks, Software Engineering, Machine Learning

INTERNSHIP & EXPERIENCE

Full Stack Engineer Intern

Project: Agentic Marketing

- Developed a hierarchical multi-agent system using CrewAI and LangChain with 6 specialized agents to automate B2B marketing workflows and reduce manual research time.
- Built custom Python tools integrating Tavily API, Gmail API, and MongoDB for real-time intelligence, outreach automation, and cross-agent data persistence.
- Engineered a human-in-the-loop growth engine that identifies ERP/WMS opportunities, performs gap analysis, and generates personalized consulting proposals using Gemini and OpenAI models.

Project: Ecomz.store

- Worked on a multi-tenant ecommerce SaaS platform with merchant-specific subdomain isolation.
- Architected and improved REST APIs using NestJS and Prisma ORM with PostgreSQL.
- Built responsive frontend components using Next.js 14 and TypeScript.
- Implemented payment gateway, order lifecycle management, and customer review systems.

PROJECTS

Online Votting System

- Technologies:* Java, Spring Boot, MySQL
- Developed a secure web-based voting platform with OTP-based email authentication and role-based access control.
- Built RESTful backend APIs for voter registration, candidate management, and live result tracking, with environment-secured credentials and containerized deployment using Docker.

EDUCATION

Cochin University of Science and Technology (CUSAT)

Master of Computer Applications — CGPA: 8.17

Kochi, Kerala

2024–2026

A.N. College

Bachelor of Computer Applications — Percentage: 64.6%

Patna, Bihar

2020–2023

CERTIFICATIONS

Introduction to Internet of Things — NPTEL Online Certification

EXTRACURRICULAR ACTIVITIES

Active Member of NSS at CUSAT Unit, participated in campus initiatives related to social service, environmental awareness, and community engagement.
